Vantage/Vanguard with 4.05 Software
Unity MAP and Vocabulary Changes

Unity® 45 1-Hit MAP and Vocabulary Changes

1. **Core** Vocabulary (bottom four rows) Changes:
   No changes

2. **Activity Row** Changes:
   Dynamic activity rows are now linked to all keys in core. You may use your set-up key to customize these rows.

   Yes/No row now has the phrases "all done" and "all gone"

   Category pages key has been moved to the main activity row.

   A **SCHOOL** row has been added to allow you to store specific class-related words.

   The **NAMES** row has been subcategorized so you can now add more names.

   The device tools row – **VTOOLS** --is now sub-categorized. A **COMPUTER** access row has been added to the **VTOOLS** row.

   The **ME** and **YOU** rows are now linked together. When you open the ME row, you see the link to the YOU row.
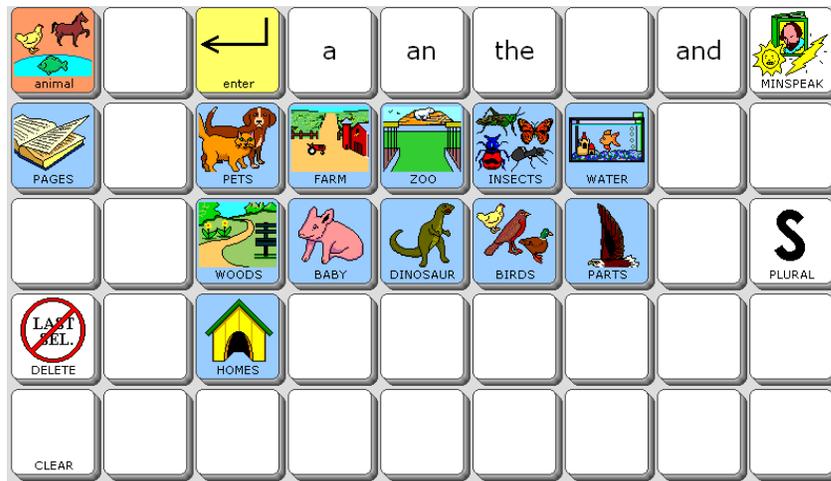

3. **Pages** Changes:
   Teaching Core has been added to the **Pages** page. This page allows you to teach and/or learn just the first 9 commonly used words and phrases in Unity 45 1-Hit.

   A page for operating a **TASH** infrared, hands-free speaker-phone has been added to the **Remotes** page.

Category pages now have an "**enter**" key on every page to make working with IntelliTools easier.

Two new **spelling pages** with all capital letters have been added. To find them, go to **VTools**, select the **More** key twice, then look for **ABC** options.

4. **Icon** Changes:
   137 new icons have been added to the icon bank including many new animals, people faces, therapy toys, sports items, Chinese food, Japanese food, and seafood.

Unity 45 2-Hit MAP and Vocabulary Changes

1. **Core Vocabulary** changes:
   Added the following:
   put = BED/CHEST + BED/CHEST + VERB
   share = BED/CHEST + BED/CHEST + CONJ
   open = BED/CHEST + BED/CHEST + REMEMBER
   close = BED/CHEST + BED/CHEST + UMBRELLA

2. **Activity Row** changes:
   **ME** row contains a link to **YOU** row as in Unity 45 1-Hit.
   School row for fringe vocabulary same as 1-hit.
   VTools row is now subcategorized as in 1-hit.
   Names row now has subcategories.
   Computer access row linked to **VTools** row.
   Category row for clothing, money, vehicles, roads, directions and TV is now in the **main** activity row.

   Computer words row is now linked to the **small appliances** row; begin by selecting the **PHONE** icon.

   Extra verbs that were formerly on pages accessed by selecting VERB + PAGE are now subcategorized in a dynamic activity row linked to VERB.

The **sports words** are now linked to the **games** row; begin by selecting **DICE**.

| · | SPORTS | match | card | dice | tictactoe | checkers | Mr.Potato | MORE |

In the **Sports Words** row there is a link to **sports equipment** and other related words.

| · | soccer ball | tennis ball | team | uniform | goalpost | touchdown | defense | MORE |

Tools and **Employment** rows are now linked to **occupations**; begin by selecting the **HAMMER** icon.

| · | TOOLS | EMPLOYMEN | teacher | aide | doctor | O.T. | P.T. | MORE |

Describing words are linked to the **Feelings** row.

| · | DESCRIBER | happy | sad | excited | bored | mad | scared | MORE |

In the **People** row, there are now icons for the words "men" and "women;" begins with the **WANTED** icon.

| · | people | friend | kid | man | men | woman | women | MORE |

A **holiday words** row has been added; select the **GOD** icon.

| · | vacation | BIRTHDAY | NEW YEAR'S | MLK DAY | VALENTINE | ST.PATRICK | EASTER | MORE |

There is a **weather adjectives** row linked to the **weather** row.

| · | WEATHER | sun | cloud | rain | wind | fog | snow |

Toys have been added in a dynamic row linked to **BED/CHEST + BED/CHEST.**

All of these activity row changes have eliminated the need for a **Unity icon** with hidden categories.

3. **Pages** changes in Unity 45 2-Hit:

Teaching Core pages added to the **Pages** Page:

With these pages you can teach frequently used words in Unity 45 2-Hit.

The **TASH** phone pages in 2-Hit are the same as in Unity **45 1-Hit**.

Two spelling pages with all capital letters have been added. Go to **VTOOLS**, then **More**, **More**, then **ABC** options.
